Kimberley Gibson	Skin Care Instructor

## Catalog Changes

### **Transfer of Credit - page 12.**

Replace the first bullet point under "Exceptions" in column two of the Transfer of Credit policy on page 12 with the following:

Exception—First Aid, CPR & AED: a student may be granted transfer credit for First Aid, CPR & AED if he/she is currently certified in First Aid, CPR & AED through a nationally recognized agency, and the certifications are valid through the student's scheduled graduation date from SEG. Proof of certification must be provided for transfer credit to be considered.

### **Therapeutic Massage Training Program - page 14.**

Replace the program objectives for the Therapeutic Massage Training Program on page 14 with the following:

- To develop the personal and professional potential of students so they enter the field as massage therapists who will offer a quality of service that will be sought after by both clients and employers.
- To train students in the theory and technique of a balanced blend of bodywork modalities and prepare them to seek gainful employment working as massage therapists or in related fields supported by the training received in school and recognized by the state including, but not be limited to, the application of traditional Swedish style massage, reflexology, acupressure, shiatsu, cranial sacral therapy, clinical bodywork and other modalities taught in the program.
- To prepare students with sufficient training in the theory and technique of massage therapy and bodywork to sit for the Massage & Bodywork Licensing Exam (MBLEx) or other state recognized licensing exam.

### **Advanced Therapeutic Massage Training Program - page 15.**

Replace the program objectives for the Advanced Therapeutic Massage Training Program on page 15 with the following:

- To develop the personal and professional potential of students so they enter the field as massage therapists who will offer a quality of service that will be sought after by both clients and employers.
- To train students in the theory and technique of a balanced blend of advanced bodywork modalities and expand their possibilities for gainful employment working as massage therapists or in related fields supported by the training received in school and recognized by the state including, but not be limited to, advanced cranial sacral therapy, the eastern paradigm, hydrostone, myokinetics techniques and other modalities taught in the program.
- To prepare students with sufficient training in the theory and technique of massage therapy and bodywork to sit for the Massage & Bodywork Licensing Exam (MBLEx) or other state recognized licensing exam.

### **Skin Care Training Program - page 16.**

Replace the program objectives for the Skin Care Training Program on page 16 with the following:

- To develop the personal and professional potential of students so they enter the field as Registered Facial Specialists who will offer a quality of service that will be sought after by both clients and employers.
- To prepare students with sufficient training in the theory and technique of skin care to become recognized by the state as Registered Facial Specialists.
- To train students in the theory and technique of a balanced blend of skin care, makeup and hair removal while preparing them to seek gainful employment working as entry-level Registered Facial Specialists or in related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, facials, waxing, makeup and basic peels.

**Makeup Artistry & Skin Care Training Program - page 17.**

Replace the program objectives for the Makeup Artistry & Skin Care Training Program on page 17 with the following:

- To develop the personal and professional potential of students so they enter the field as Makeup Artists and/or Registered Facial Specialists who will offer a quality of service that will be sought after by both clients and employers.
- To prepare students with sufficient training in the theory and technique of business, marketing and self-promotion to support their success as both private practitioners and employees.
- To train students in the theory and technique of skin care and hair removal while preparing them to seek gainful employment working as entry-level Registered Facial Specialists or in related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, facials, waxing, and basic peels.
- To train students in the theory and technique of the essentials of makeup application and lash services while preparing them to obtain gainful employment working as entry-level Makeup Artists or in related fields supported by the training received in school and recognized by the state. Students are trained to perform services that include, but are not limited to, makeup applications for events-weddings, high fashion, camouflage, airbrush, fantasy, theatrical, body art.

**Skin Care & Electrology Training Program Evening - page 18.**

Replace the program length for the Skin Care & Electrology Training Program Evening on page 18 with the following:

Change program length to 70 weeks (16.5 months)

**Skin Care & Electrology Training Program - page 18.**

Replace the program objectives for the Skin Care & Electrology Training Program on page 18 with the following:

- To develop the personal and professional potential of students so they enter the field as Registered Facial Specialists and/or Electrologists who will offer a quality of service that will be sought after by both clients and employers.
- To prepare students with sufficient training in the theory and technique of skin care to become recognized by the state as Registered Facial Specialists.
- To prepare students to obtain gainful employment as entry-level licensed Electrologists as recognized by the state.
- To provide students with training in the theory and technique of a wide variety of skin care and hair removal treatments and expand their opportunities for gainful employment working as entry-level Registered Facial Specialists, Electrologists, or in related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, facials, waxing, makeup, basic peels and electrology.

**Advanced Paramedical Skin Care Program Day - page 19.**

Replace the program length for the Advanced Paramedical Skin Care Program Day on page 19 with the following:

Change program length to 70 weeks (16.5 months)

**Advanced Paramedical Skin Care Program Evening - page 19.**

Replace the program length for the Advanced Paramedical Skin Care Program Evening on page 19 with the following:

Change program length to 90 weeks (21 months)

**Advanced Paramedical Skin Care Training Program - page 19.**

Replace the program objectives for the Advanced Paramedical Skin Care Training Program on page 19 with the following:

- To develop the personal and professional potential of students so they enter the field as paramedical estheticians who will offer a quality of service that will be sought after by both clients and employers.
- To prepare students with sufficient training in the theory and technique of esthetics to become recognized by the state as Registered Facial Specialists.
- To provide students with training in the theory and technique of a wide variety of skin care services and advanced treatments. This training significantly expands opportunities for gainful employment as beyond entry-level Registered Facial Specialists in esthetics and related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, advanced body wraps, advanced chemical peels, lash extensions, camouflage and airbrush makeup, microdermabrasion, microcurrent, LED and ultrasonic treatments.

**AS Advanced Therapeutic Massage Program Evening - page 20.**

Change the program information for the AS Advanced Therapeutic Massage Program Evening on page 20 to include the following:

The Evening version of this program is no longer offered at the FCNH Pompano campus.

**AS Advanced Therapeutic Massage - page 20.**

Replace the program objectives for the AS Advanced Therapeutic Massage on page 20 with the following:

- To develop the personal and professional potential of students so they enter the field as massage therapists who will offer a quality of service that will be sought after by both clients and employers.
- To train students in the theory and technique of a balanced blend of bodywork modalities and prepare them to seek gainful employment at beyond entry-level working as massage therapists or in related fields supported by the training received in school and recognized by the state including, but not be limited to, the application of traditional Swedish style massage, reflexology, acupuncture, shiatsu, cranial sacral therapy, clinical bodywork and other modalities taught in the program.
- Provide students with a general education in the arts, math and sciences sufficient to achieve an AS degree.
- To prepare students with sufficient training in the theory and technique of massage therapy and bodywork to sit for the Massage & Bodywork Licensing Exam (MBLEx) or other state recognized licensing exam.

**AS Advanced Therapeutic Massage and Skin Care Program Evening - page 21.**

Change the program information for the AS Advanced Therapeutic Massage and Skin Care Program Evening on page 21 to include the following:

The Evening version of this program is no longer offered at the FCNH Pompano campus.

**AS Therapeutic Massage & Skin Care - page 21.**

Replace the program objectives for the AS Therapeutic Massage & Skin Care on page 21 with the following:

- To develop the personal and professional potential of students so they enter the field as practitioners who will offer a quality of service that will be sought after by both clients and employers.
- To provide students with a general education in the arts, math and sciences sufficient to achieve an AS degree.
- To prepare students with sufficient training in the theory and technique of massage therapy and bodywork to sit for the Massage & Bodywork Licensing Exam (MBLEx) or other state recognized licensing exam and meet the qualifications to be recognized as a Licensed Massage Therapist by the state.
- To prepare students with sufficient training in the theory and technique of skin care to become recognized by the state as Registered Facial Specialists.
- To provide students with training in the theory and technique of a wide variety of massage therapy and skin care services. This dual training in allied vocations significantly expands opportunities for gainful employment in entry-level positions in massage therapy, skin care and related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, the application of traditional Swedish style massage, reflexology, acupressure, shiatsu, cranial sacral therapy, clinical bodywork, facials, waxing, makeup, basic peels, and other modalities and techniques taught in the program.

Change program length to 89 weeks (20.5 months)

**AS Advanced Paramedical Skin Care Program Evening - page 22.**

Replace the program length for the AS Advanced Paramedical Skin Care Program Evening on page 22 with the following:

Change program length to 109 weeks (25.5 months)

**AS Advanced Paramedical Skin Care - page 22.**

Replace the program objectives for the AS Advanced Paramedical Skin Care on page 22 with the following:

- To develop the personal and professional potential of students so they enter the field as paramedical estheticians who will offer a quality of service that will be sought after by both clients and employers.
- To provide students with a general education in the arts, math and sciences sufficient to achieve an AS degree.
- To prepare students with sufficient training in the theory and technique of esthetics to become recognized by the state as Registered Facial Specialists.
- To provide students with training in the theory and technique of a wide variety of skin care services and advanced treatments. This training significantly expands opportunities for gainful employment as beyond entry-level Registered Facial Specialists in esthetics and related fields. Students are trained to provide a variety of services that include, but are not limited to, advanced body wraps, advanced chemical peels, lash extensions, camouflage and airbrush makeup, microdermabrasion, microcurrent, LED and ultrasonic treatments.

**Skin Care Training Program - page 26.**

Note the following regarding the Skin Care Training Program on page 26:

The Steiner Institute of Esthetics at VASOM is not currently accepting new enrollments into this program.

---

**Leave of Absence - page 71.**

Replace the third paragraph in the second column in the Leave of Absence on page 71 with the following:

---

All leave of absences are measured in calendar days and include school breaks and holidays in the total days allowed. Generally, only one leave of absence will be approved in any twelve-month period. However, if necessary, a student can request an extension or an additional LOA. LOA extensions and additional LOAs have the same documentation requirements as initial LOAs. The combined total number of days of all leave of absences for a student cannot exceed 180 calendar days, including school breaks and holidays.

---

**Leave of Absence - page 72.**

Replace the *Appealing a Denial & Requests for LOA Extensions* section in the Leave of Absence on page 72 with the following:

---

**Appealing a Denial**

If a student receives a denial of a leave of absence he/she can submit a written appeal to the Campus Director. A letter of explanation and supporting documentation should be submitted. The student will receive notification of the appeal approval or denial within five business days.

---

**Veteran's Attendance Policy - page 73.**

Replace the *Veteran's Attendance Policy* on page 73 with the following:

---

**Veteran's Attendance Policy**

Early departures, class cuts, tardies, etc., for any portion of a class period will be counted as one quarter (1/4) absence. Students exceeding 10% total absences in a calendar month will be terminated from their VA benefits for unsatisfactory attendance. In order to show that the cause of unsatisfactory attendance has been removed, students must show good attendance (as defined) for one calendar month after being terminated for unsatisfactory attendance. After such time, the student may be recertified for VA education benefits. The student's attendance record will be retained in the veteran's file for USDVA and SAA audit purposes.

**Standards of Academic Progress for VA Students**

Students receiving VA educational benefits must maintain a minimum cumulative grade point average (CGPA) of 2.0 each evaluation period. A VA student whose CGPA falls below 2.0 at the end of any evaluation period will be placed on academic probation for a maximum of two consecutive term of probation, the student's VA educational benefits will be terminated. A VA student terminated from VA educational benefits due to unsatisfactory progress may petition the school to be recertified after attaining a CGPA of 2.0.

---

**Refund Policies - page 78.**

Remove the third paragraph from the *Refund Policies* on page 78:

---

Remove the third paragraph from the *Refund Policies* that states: "Refunds shall be made within 30-calendar days of the date the student fails to enter, leaves the program, or fails to return from a leave of absence."
